Intro: D Gb Bm G Gbm Em

Gbm D
It could be love

And we could be homies

And once you get to know me

I could be your one and only

Em Gbm D
I could make you unlonely

Oh, we could take it slowly

And we could keep it lowkey

I could be your one and only

Em Gbm
I could make you unlonely

I've been chasing summer around

Searching for the sunshine looking for a good time

Following the good vibes

Bm
Listening to intuition as it's happening

G Gbm Em Gbm
Diggin' into life cause at times it can be saddening

D
Yeah, it could be a grey day

If you're lonely

A little rain suddenly turns heavy

Bm
But a whole lot of love can make the clouds go away

G Gbm Em Gbm
Maybe the time for us is now

When the table's set for two

And there's nobody with you

Bm
Seeing movies by yourself

G Gbm
Let me be your someone else

D
It could be love

If it's just you and your phone

I give you my wordb although I'm making words up

Unlonely ain't a word, but I don't give a fuck

Cause I'm fresh form the farm where critics can't bother me

G Gbm Em Gbm
Living is tricky as it is so that ain't stoppin' me

D
You and me, we both agree

That no one needs the scrutiny

Gb
All we want is peace and love, and honestly you ruined me

Bm
With your beautiful smile, and your style continuity

G Gbm Em Gbm D
I'd be a fool not to take the opportunity to say:

"Hey! We should be homies

Gb
I think we could be bigger than cheese and macaroni

Bm
We could keep it sweet like Chachi and Joanie

G Gbm Em Gbm
Oh, maybe just be ourselves, never phony."

D
Never second guessing the friendship connection

Gb Bm
Parallel living, never in possession of your individual personal expression
