

Jason Mraz - You Fuckin Did It

tom:

Intro: Bm G Gbm Am Bm

You fuckin' did it

You really did it yeah

You really did it

You really did it

You fuckin' did it

You really did it yeah

You really did it

You really did it

All those who are hanging around the water cooler

Will never believe how you tackled the thousand puzzle pieces

And you could see it before we completed it

Before we made it whole

How you put it all together with a blindfold

You're like a long game token that keeps the game going

But your claim to fame is how you like to lay low

Out of the lime light

Which can hurt your eyes

If you're not careful you'll become another devil in disguise

But you watch your back, you watch your back

You're growing eyes in the back of your head

To prevent another sneak attack, sneak attack

You must be keepin' secret weapons in your fanny pack

You're like my laughing gas, you got the cat to dance

You're like Lance on a mountain in the tour de France

You got a wing span spanning the globe you got gold

And you're teaching us to let go

You're a wise old owl when you're the cat's meow

If this were twelfth grade you'd be my cap and gown

If this were India then you'd be a sacred cow

And I'd bow down to you

So grateful to the gods for making you

You fuckin' did it

You really did it yeah

You really did it

You really did it

Bm

You fuckin' did it

You really did it yeah

You really did it

You really did it

You'll be standing up for the equal right of the American people

And you'll be meeting all the influential seekers with a similar

Dream

You've got a front seat saved that's emblazed with your name

And a super hero cape on

You see the future as a sky full of possibility

With a spryness of mind and a psychic ability

You probably won't die at the hands of an enemy

And not in a den of inequity

You're not the average Joe

You're not the average Jane

You're not above or below

But you're never just plain

You never take no personally

And any time you get stopped you try another way

Could we settle for a kiss without a cease and desist

I am that I am and you are that you are

And we're all that is

How P-E-R-F-E-C-T your A-T-T- I-T-U-D-E be

You fuckin' did it

You really did it yeah

You really did it

You really did it

You fuckin' did it

You really did it yeah

You really did it

You really did it

(Bm G Gbm Bm)
(G Gbm Gb7 Gb Gb7)

When you circumnavigating the turntable call and attracts

Like you be jumpin' in the water you be makin' a splash

You be keepin' your heart beat going

And keepin' the harmony going

Well there's an awful lot of music styles you could play

Well there's an awful lot of tastes
 An awful lot of dates you could be on
 You be keepin' your back bone strong
 And be keepin' the trombone blowin'
 Well every friend of mine will give each other high-fives
 When your beautiful mind is to your own devices
 You do what you like and you always like what you try
 You touch me like an iPhone application
 Move me like a smooth jazz music station
 Doin' what you do in the way that you choose to do them
 Oh my god
 You're quick to be so quotable
 Damn you got a way with words
 You got a magical handshake for saving the earth
 You are a generous man
 You are so awesome it hurts

And you are A-W-E-S-O- M-E
 You fuckin' did it
 You really did it yeah
 You really did it
 You really did it
 You fuckin' did it
 You really did it yeah
 You really did it
 You really did it
 You are A---W---E---S--0--M-E
 You are A---W---E---S--0--M-E
 You are A---W---E---S---0-----M-----E
 You are A---W---E---S---0-----M-----E
 You are A---W---E---S---0-----M-----E
 You are A---W---E---S---0-----me
