

# Jason Upton - Fly

Tom: D  
Intro: D G A

Going out to new atmospheres  
Going out to new places  
Going out to new atmospheres

D G A

You got to have new ears... New ears  
Heavenly places... Heavenly places... Heavenly... Heavenly places...  
New revelation... New revelation  
What are doing?  
Where are you going?  
God will give...

D G A

Some of you have been fighting for a very long time  
Some of you have been fighting that ground warfare  
For a very long time

Sticking out your fists and fighting  
God wants to take you to new places  
New places... New places... New places... New places...  
New revelation... New revelation  
New perspective... New perspective  
Aerial view... Aerial view... Aerial view...  
Aerial view... Aerial view

I declare over you  
God has given you the air. God has given you the air  
So fly  
It's time to spread out your wings  
It's time to shake off the things that hold you down  
It's time to spread out your wings  
And fly  
Just fly  
Fly...

D G A

Do you see what I see?  
Do you hear what I hear?  
Do you know what I know?  
Do you want what I want?  
Fly...

Tell you see what I see!  
Tell you hear what I hear!  
Tell you know what I know!  
Fly and fly... Fly and fly... Fly and fly...  
Fly just fly  
Just fly  
Fly...

I have given you wings  
I have set you free from the things that held you  
I have given you wings  
I have set you free

So come to me  
And fly

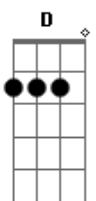

Like a bird in the air you have escaped the snare  
Like a bird in the air you've escaped the snare  
Like a bird in the air you've escaped the snare of the enemy  
You have born set free  
You have born set free  
You have born set free  
You have born set free

Nothing... nothing... nothing... nothing... nothing...  
Nothing... nothing... nothing... nothing... nothing...  
Nothing couldn't ever hold you

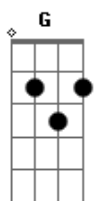

D G A  
Fly
