

Jax Jones - Harder (feat. Bebe Rexha)

tom:
Capostrate na 1ª casa

[Pré-Refrão]

Baby when it comes to love, it should be mutual
I know you think that you're on fire but you're kinda cold
And I need a little more than just the usual
But you should know (what you-what you gon' do?)
You should know

[Refrão]

When you think you've done enough
Can you love me harder?
'Cause you know I need that (oh, oh, oh, oh, oh, ooh)
Put in work and don't give up
Can you love me harder?
'Cause you know I need that (oh, oh, oh, oh, oh, ooh)
(Haha,take it to the play)

[Primeira Parte]

Baby,take the time to get the floor right
Baby, you could get it for the whole night
I believe in you, know that you're the truth
Here's a little insight

[Segunda Parte]

Boy, if you can go a little longer
We can make this love a little stronger
Ain't no other man can give me what you can
Remember what I told ya

[Pré-Refrão]

But you get me on the edge and now I'm getting close
You should know, you should know
[Refrão]

When you think you've done enough
Can you love me harder?
'Cause you know I need that (oh, oh, oh, oh, oh, ooh)
Put in work and don't give up
Can you love me harder?
'Cause you know I need that (oh, oh, oh, oh, oh, ooh)Yeah
Can you love me harder, harder, harder, harder?
Can you love me harder, harder, harder, harder?
Can you love me harder, harder, harder, harder?
Can you love me harder, harder, harder, harder? (Haha)
