You could be the best thing you believe
 You could lift the wish you receive
 And you mind is kinda out of your way
 And you can't resolve this in anyway

D
 And you must be gone, far way from me
 And you must be gone, it's the same to me
 And you must be gone, far way from me
 Gb F A

Gb F A
 I try and I try pushing you back to me
 But, by the way, it seems you don't see
 You don't realize the prejudice you've done
 Just with yourself and you must be gone

D
 And you must be gone, far way from me
 And you must be gone, it's the same to me
