

# Jaymay - One May Die So Lonely

tom:  
 Capostraste na 4ª casa <sup>E</sup> (forma dos acordes no tom de C )

<sup>C</sup>  
 Remind me again just what you were sayin

When u walked in the room when the music was playin

I was lost too but in my own thoughts <sup>G</sup>

And I could not find you <sup>C</sup>

<sup>C</sup>  
 Tell me your story, I'm listening this time  
 I can get us some glasses and a bottle of wine

We can sit on the carpet sit on the table or sit on the moon <sup>G</sup> <sup>C</sup>

You can reach for my hand <sup>F</sup>  
 You can say what you like

Is just what you just can't stand <sup>C</sup>

You can be a boy or a little old man, be what you want--even  
 nothin at all-- <sup>G</sup>

Be with me <sup>C</sup>

<sup>C</sup>  
 Why not forgive us? quit holdin your breath  
 You reach with your right hand like it's all thats left

For the knob of the door <sup>G</sup>  
 But i love your ankles

You fall on my floor <sup>C</sup>

<sup>C</sup>  
 You roll your eyes  
 You're so sick of this  
 "Jaymay, the bracelet i placed on your wrist--you lost it"

Lets face it, i think we both lost it <sup>G</sup>

A little bit <sup>C</sup>

"I know you're livin in london <sup>F</sup>

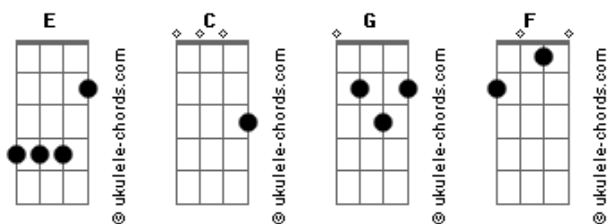

You keep on complaining where is the sunshine, it always is  
 raining <sup>C</sup>

That's all I am hearing, skies ain't clearing <sup>G</sup>  
 Your eyes keep on tearing

You're missing New York <sup>C</sup>

Pause

## Acordes

<sup>C</sup>  
 But do you miss me  
 Do you miss our talks  
 Do you miss our touchin and our midnight walks

<sup>G</sup>  
 Do you miss the ocean  
 Do you miss the sand

<sup>C</sup>  
 Do you miss me at all  
 Miss ya here, man

<sup>C</sup>  
 I have to laugh like crazy  
 I really think you're crazy  
 You might as well ask is a hot day is hazy

<sup>G</sup> <sup>C</sup>  
 Is your left eye navy? have i ever lay lazy with you on the  
 grass?

<sup>F</sup>  
 Let me get something straight  
 You know I hate

<sup>C</sup>  
 This feeling that's growing  
 To think you're not knowing

<sup>G</sup>  
 Wherever I may run  
 Even if it's dumb  
 I love only you

<sup>C</sup>  
 You are the only one

<sup>C</sup>  
 So it really doesn't matter  
 If I'm sorta having fun  
 If for a cruel second  
 I get a glimpse of the sun

<sup>G</sup>  
 Whether singing on stages or filling up pages

<sup>C</sup>  
 Somethings undone

<sup>C</sup>  
 And the song ends here  
 Cause youre really weird  
 And we havent said a word in over a year

<sup>G</sup>  
 It just gives me hope  
 Like music is a rope

<sup>C</sup>  
 To hold you right here

<sup>F</sup>  
 And I'm sorry for these lines  
 I'm sorry for my crimes

<sup>C</sup>  
 And I'm sorry for the oceans I sailed all the times

<sup>G</sup>  
 If i ever gave you something it probably was the notion

<sup>C</sup>  
 I never gave you nothing but a very hard time
