

# Jaymes Young - Feel Something

Tom: G

G D Bm  
I don't care if it hurts  
Em G  
I'll pay my weight in blood  
D Bm Em  
To feel my nerves wake up  
G D Bm  
So love me now or let me go  
Em G  
Let me feel these high and lows  
D Bm Em  
Before the doors to my heart close

G D  
Touch me someone  
Bm Em  
I'm too young to feel so  
G D  
Numb, numb, numb, numb  
Bm Em  
You could be the one to

```

```

G D Bm Em  
Make me feel something, something  
G D Bm Em  
Make me feel something, something  
G D Bm Em G D  
Show me that you're human, ohh  
Bm Em  
Make me feel something, something

G D Bm  
I never thought I'd miss the bittersweet  
Em G

I gave those years away  
D Bm Em  
And lost my sense of taste  
G D Bm  
'Cause all of your lovers eventually fade  
Em G  
And leave you alone in the bed you made  
D Bm Em  
And all of the colors that bled to gray leave nothing

G D  
Touch me someone  
Bm Em  
I'm too young to feel so  
G D  
Numb, numb, numb, numb  
Bm Em  
You could be the one to

G D Bm Em  
Make me feel something, something  
G D Bm Em  
Make me feel something, something  
G D Bm Em G D  
Show me that you're human, ohh  
Bm Em  
Make me feel something, something

G D Bm Em  
So if you're gonna stay, then stay  
G D  
But if you're gonna go  
Bm Em  
Make sure that you hurt me just enough to

G D Bm Em  
Make me feel something, something  
G D Bm Em  
Make me feel something, something  
G D Bm Em G D  
Show me that you're human, ohh  
Bm Em  
Make me feel something, something
