

Jaymes Young - Moondust

Tom: A

I'm building this house on the moon
 Like a lost astronaut
 Looking at you, like a star
 From the place the world forgot

And there's nothing that I can do
 Except bury my love for you

The brightness of the sun
 Will give me just enough to bury my love
 In the moondust
 I long to hear your voice
 But still I make the choice to bury my love
 In the moondust

Nothing can breathe in the space
 Colder than the darkest sea
 I have dreams about the days
 Driving through your sunset breeze

But the first thing that I will do
 Is bury my love for you

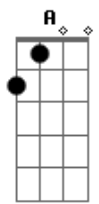

The brightness of the sun
 Will give me just enough to bury my love
 In the moondust
 I long to hear your voice
 But still I make the choice to bury my love
 In the moondust

I'm a castaway
 Men reap what they sow
 And I say what I know to be true
 Yeah I'm living far away
 On the face of the moon
 I buried my love to give the world to you

The brightness of the sun
 Will give me just enough to bury my love
 In the moondust
 I long to hear your voice
 But still I make the choice to bury my love
 In the moondust

I buried my love
 In the moondust yeah
