**G**  
 At least I got my hoodies back  
 At least you still live in my head  
**Bbm7**  
 At least now he can make you laugh  
 I miss your presence in my bed  
**B**  
 We lay for hours, fuck a lil  
 Back when we were kids  
**Bm**  
 Back when we were more than fights  
 Back when you still gave a shit  
**Gb**  
 Now my room been feelin' empty  
 Sellin' pieces of my soul  
**Bbm7**  
 Said you love me but you lyin'  
 What's it like to let me go?  
**B**  
 Now my heart been torn to pieces  
 And my days are moving slow, slow, slow  
**Bm**  
 You've been moving on for months so let me go, go, go, yeah  
 ( **Gb Bbm7 B Bm** )

**Gb**  
 Yeah, I'm a diff?rent person now that ev?rything's changed  
**Bbm7**  
 Dress up pretty for those pictures but your smiles fake  
**B**  
 Took your pictures off my wall, heard you just did the same  
**Bm**  
 But see those pictures in my mind as I lay awake  
**Gb**  
 Every night I stay up, hoping this'll clear up  
**Bbm7**  
 Hoping you would call me, but what a bad idea  
**B**  
 But shit, what if I called you?  
 Maybe you would pick up  
**Bm**  
 Maybe you would stay here, but what a bad idea

**Gb**  
 At least I got my hoodies back  
 At least you still live in my head  
**Bbm7**  
 At least now he can make you laugh  
 I miss your presence in my bed

 Now why, am I driving you home crying?  
**B**  
 Can't you see I'm trying?  
**Bm**  
 You just say it hurts  
**Gb Bbm7**  
 And why, is it toxic to say I'm dying?  
**B**  
 Skydivin' without flyin'  
**Bm**  
 Without you by my side
