 Intro: F Bb F

There's a girl in town
 And word's gone around she's just fine
 So I don't worry my head
 'Cause I know her heart is tied to mine

The life that we live
 And the love that I give to her
 Each day it grows
 More and more I'm sure, it shows

Our love, is a bubblin' fountain
 Our love, that flows into a sea
 Our love, deeper than any ocean
 Our love, for eternity

Ooh, like someday I'll pray
 Our love will always stay pure
 Ooh, when the world turns around
 He holds me down for sure

Our love, is a bubblin' fountain (ooh-ah)
 Our love, that flows into a sea (ooh)

Our love, deeper than any ocean
 Our love, for eternity

And after all (after all)
 The rain will fall (rain will fall)
 On us two
 But I'll keep movin' on (movin' on)
 But I been strong with you
 Ooh

Our love, is a bubblin' fountain
 (a bubblin' fountain, yeah)
 Our love, that flows into the sea

(flows into the sea)
 Our love, deeper than any ocean
 (ooh-ooh, ooh-ooh)
 Our love, for eternity

Well

Our love
 Our love
 Our love
 Our love
 Our love
