

# Jeff Buckley - We Could Be So Happy Baby

Tom: G

Chorus

Tabbed by: floor demon  
Email:

Em Bm Em Bm C G E7

Tuning: EADGBE

And so on for the rest of the song

Guitar 1- Intro/ verse

You are soft and young to me  
I am the ghost who comes and goes  
I'm hoping that I'll catch you in the throws  
Of one last look at joy that we've become

2nd guitar on the intro somewhere

But there's no easy answer, none to blame or forgive  
We were two cripples dancing  
To the bitter end we live  
I'm not with you, but of you  
I'm not with you but of you

verse

Oh, God, I loved you  
And all the past we once knew  
Some other love becomes you  
Whatever else it comes to  
I know we could be so happy, baby  
If we wanted to be

A- 577XXX  
G- 355XXX  
F- 133XXX

There's no easy answer  
None to blame or forgive  
Two cripples dancing  
To the end we live

A  
I'm not with you not of you  
G F  
Not with you, not of you

We had a birthplace in common  
We had separate beds and lives

You are soft and young to me  
I am the ghost who comes and goes  
And I hope I'll catch you

A  
In the throws of one last look at the wonder  
G F  
One last look at the wonder

I'll just sit here and glow  
Break out the oldest pictures  
Hand your ruined letters out to dry  
We had a birthplace in common  
And separate beds and lives  
And lives, and lives  
I know that we could be so happy, baby  
If we wanted to be  
I know that we could be so happy, baby

Chorus

Oh, God, I love you  
And all the past we once knew  
Some other love becomes you  
Whatever else we come to  
I know we could be so happy, baby  
If we wanted to be

That's the best I can make of it, feel free to improve it or  
anything. I would  
have liked to hear the finished version of this song instead  
of the rough one  
on "My Sweetheart The Drunk" but what can you do.

## Acordes
