

# Jeff Satur - Almost Over You

tom:

Intro: Eb Bb Cm Ab Abm

Eb Bb You gave me a rose sometime in June  
 Back when our love was still fully in bloom  
 The flowers now the only trace of you

Eb Bb You became a ghost someone I knew  
 I've got nobody I can talk to  
 Cause everyone but me has forgotten you

Fm Bb So now I take my car on this silent drive  
 Because I hear our songs and it makes me cry  
 And all my friends say all that you need is time  
 And I hope they're right

Eb Bb These lonely days keep passing by  
 Cm Trying to live without your smile  
 Even if it took a while  
 I'm almost over you

Eb Bb The rose you gave me is dead and dry  
 Cm Losing one petal at a time  
 Just like the memories in my mind  
 I'm almost over you

Eb Bb You're in my bones, under my skin  
 Cm I found a note in a pocket that you left it in  
 A sketch of us, a pencil face  
 We didn't know that things would all end up this way

Fm Bb Take my car on this silent drive

Because I hear our songs and it makes me cry  
 And all my friends say all that you need is time  
 And I hope they're right
