

# Jeff Satur - Hide (English Version)

tom:

Intro: Em A D B7

Baby, I can sing you some of my songs  
 Say a couple words like they're my poems  
 Just so you can know how much I long

For your arms  
 In my arms

Going all the places that you've been to  
 Doing all the things that you're into  
 I just really wanna try to win you  
 If you want to

Yeah, I'm trying but I'm getting more dry  
 You don't even look me back in my eyes  
 All my love I'm giving, yeah, you don't buy  
 So I hide

But when I'm with you, yeah, I'm feeling so right  
 You're the only one who gets me so high  
 Know I'm never ever leaving your side  
 Now I won't hide

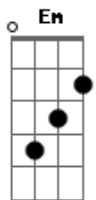

Cause baby it's, baby it's you  
 Babe, it's you  
 All these stars impossible to count  
 I'll be here till all time runs out

Baby, it's you  
 Baby, it's you  
 I would die a thousand times

Just so you can feel alright

Baby, baby

I'm crawling, no, I can't walk

I'm falling just for you

All these words that I wrote you

There's nothing I won't do

My heartbeat breaks

Each breath I take is you

Yeah, I'm trying but I'm getting more dry

You don't even look me back in my eyes

All my love I'm giving, yeah, you don't buy

So I hide

But when I'm with you, yeah, I'm feeling so right

You're the only one who gets me so high

Know I'm never ever leaving your side

Now I won't hide

Cause baby it's, baby it's you

Babe, it's you

All these stars impossible to count

I'll be here till all time runs out

Baby, it's you

Baby, it's you

I would die a thousand times

Just so you can feel alright
