                                                                          Bb
                                                                                     Cm Cm7 Cm Cm7
                                                          Been drinking palm wine all day
                Gm
                                   Dm
                                                            F Bb
 I woke up this morning, hunger was gnawing my soul
                                                                                    D7
        Dm
                       Gm
                                    Eb
 But the preacher man's sermon, won't put no food in my bowl Gri-gri men can keep us from bullets, but hash won't keep
             Gm Eb
                               Dm
Eb Dm
                                         Gm
                                                          hunger at bay
 Abidjan to Monrovia, looking for food and a home
      Dm
                   Gm
                                                          [Refrão]
Instead I found factions and armies, in the middle of a combat
                                                            ...Cm Dm
                                                                              Gm Eb Dm
                                                          I want love, I need love, I---I want love
                                                               Cm Dm
                                                                              Gm Eb
                                                                                               Dm
[Refrão]
                                                          I want love, I need love, and a little food in my bowl
                    Gm Eb Dm
                                                          [Terceira Parte]
I want love, I need love, I---I want love
                    Gm Eb
                                                                   Fb
     Cm Dm
                                                                                Dm
I want love, I need love, and a little food in my bowl
                                                          When it's time the small soldiers march forward
                                                                         Dm
                                                          When one falls the next takes his gun
[Segunda Parte]
