

Jeremy Camp - Feel Like

Tom: E
Intro: E B Dbm Am

E
I fail in every single way
B
But every time I hear you say
Dbm
"Faithful one, come in to this place
Am
the place of rest where you belong,"
E
I anticipate the final day when
B
I fall into your warm embrace,
Dbm
With everything that I've been through
Am
Nothing else compares

E B
And it feels like,

Dbm
All these tears are coming through,
Am
When I think of everything you do
E B Dbm
And it feels like all this joy is bleeding through,
Am
When I think of seeing you

I complicate this very state of resting in what you create,
Nothing goes out your control,
You've given me this very soul,
You cared enough to take my place,
And have given me unending grace,
I know that you know every need that's my security

All your ways are so mysterious never far your ear to hear us
I'll never thirst from this drink that you give when you
