

Jeremy Camp - One Day At Time

Tom: C

One day at a time I will walk this road I've traveled so far
 One day at a time well I know I will carry on
 One day at a time I can see you took my life this far
 One day at a time I will take this faith along

All this hope I breathe is given by the hand that carries me
 Until I'm complete and I'll take all i will
 To understand this plan you have for me, for me

I've been shut up shut down held out held down

In ways i never knew i would
 I CAN feel your fullness in my life

Well i've been burned out broken torn out torn down

In ways i never knew i would
 I CAN feel your fullness in my life

One day at a time I will take these words you've given me

One day at a time I will rest in knowing you

One day at a time I will share this gift you've given me

One day at a time I will walk these valleys through

All I know is that I see how much my heart

Is longing to be cradled by your side

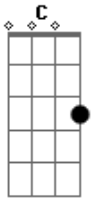

And i'll give all i can to one day soon

Be held by your hand, by your hand

In all these things i will press on

I'll be with you i know it wont be long
