

Jeremy Renner - Ghosts and Roses

tom:

Intro: E E Am
E Am E Am E

I fell from grace to the ground
To silence my rage without sound

Maybe I've always let me down
Maybe I've always let me down

How did I end up here?
Why did I disappear?

Take me back to that place
Before I fell from grace

Lead me back to when love knew my name
(Am E Am E)

All that's left here are ghosts and roses

Echos are near, shadows closing

Maybe I've always let me down
Maybe I've always been upside down

How did I end up here?
Why did I disappear?

Why did I disappear?

Take me back to that place
Before I fell from grace
Take me back to when love knew my name
Riding on flames and fire
Watching it all burn away
Done with thieves and liars
I know soon I'll be okay
If I ever find a love
Will it ever know my name?

(E Am E Am E)

How did I end up here?
Why did I disappear?

Take me back to that place
Before I fell from grace

Before I fell from grace

Before I fell from grace
Before I fell
