

# Jeremy Renner - Main Attraction

tom:

**Dm**  
Every time I take a ride  
I feel alive with nowhere to go  
I'm the king of the road  
You're the queen of my throne  
**Dm**  
Riding high day and night  
Satisfied wherever we roam  
You're the star of the show  
You shimmer like gold

**Dm**  
Now baby let's ride  
We got nothing but time  
You get all the reactions  
You're the main attraction  
It's no surprise  
God, I like your style  
You're the perfect distraction  
You're the main attraction  
( **Dm F C G** )

**Dm**  
Roaming through the city like the track of time  
The freedom is mine  
Riding the lines  
Know how I like it, yeah

**Dm**  
Pedal to the medal, I'm the soldier

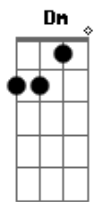

We can take it for miles  
And let it all wild  
Just how I like it

Now baby let's ride  
We got nothing but time  
You get all the reactions  
You're the main attraction  
It's no surprise  
God, I like your style  
You're the perfect distraction  
You're the main attraction  
( **Dm F C G** )

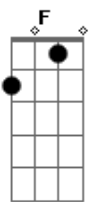

Now baby let's ride  
Now baby let's ride  
Ooh I like your style  
Yeah

Now baby let's ride  
We got nothing but time  
You get all the reactions  
You're the main attraction  
It's no surprise  
God, I like your style  
You're the perfect distraction  
You're the main attraction
