

Jeremy Zag - Courage In Me

Intro: **Gbm** **A** tom:

It's so dark **Gbm**
 Not a star in the sky **D**
 With no sound to be heard **E**
 And reality blurred **E**
 Dreams are gone with a light **Gbm**

Fading out **Gbm**
 Till the world's far behind **D**
 I can't do this alone **E**
 I can't find my way home **E**
 With this doubt in my mind **Gbm**

Gotta find the courage in me **Gbm**
 To stand up and be **Gbm**
 Braver than I have been before **Gbm**
 Searching for the courage in me **Gbm**
 So I can believe this what I am destined for **Gbm**

Is this my moment to rise **D**
 Leave the person I was behind **E**
 There are storms to calm **E**
 Can I face each one **Gbm**
 Is it time **Gbm**

Is this my moment to rise **D**
 I have started to realize **E**

Doubts have held me down **E**
 They are fading now **Gbm**
 Is it my Moment to rise **Gbm**

As I stand **D**
 With a new path to tread **E**
 The hope in my heart **E**
 Starts to shake at the thought of what my lie ahead **Gbm**

Should I fight **Gbm**
 There's so much I don't know **D**
 Do I push through the fears **E**
 Till a new world appears **E**
 Though I might be alone **Gbm**
 What goes with darkness **Fm**
 Is totally different in the light **Db**
 And deep in my heart **Ab**
 I found a way to climb to new heights **Eb**

I will go on regardless **Fm**
 Of anything standing in my way **Db**
 Harness the power in need for those who need to be saved **Ab**
 I won't run, I won't hide **Eb**
 I will soar through sky tonight **Db**
 I'm not going down without a fight **Ab**
 And now is the time **Eb**
 My moment to rise **Gbm**
