

Jeremy Zag - Courage In Me

tom:

Intro: Gbm A

It's so dark Gbm
 Not a star in the sky D
 With no sound to be heard E
 And reality blurred E
 Dreams are gone with a light Gbm

Fading out Gbm
 Till the world's far behind D
 I can't do this alone E
 I can't find my way home E
 With this doubt in my mind Gbm

Gotta find the courage in me Gbm
 To stand up and be
 Braver than I have been before Gbm
 Searching for the courage in me Gbm
 So I can believe this what I am destined for Gbm

Is this my moment to rise Gbm
 Leave the person I was behind D
 There are storms to calm E
 Can I face each one E
 Is it time Gbm

Is this my moment to rise Gbm
 I have started to realize D
 E

Doubts have held me down
 They are fading now E
 Is it my Gbm
 Moment to rise Gbm

As I stand Gbm
 With a new path to tread D
 The hope in my heart E
 Starts to shake at the thought of what my lie ahead Gbm

Should I fight Gbm
 There's so much I don't know D
 Do I push through the fears E
 Till a new world appears E
 Though I might be alone Gbm
 What goes with darkness Fm
 Is totally different in the light Db
 And deep in my heart Ab
 I found a way to climb to new heights Eb

I will go on regardless Fm
 Of anything standing in my way Db
 Harness the power in need for those who need to be saved Ab Eb

I won't run, I won't hide Fm
 I will soar through sky tonight Db
 I'm not going down without a fight Ab
 And now is the time Eb
 My moment to rise Gbm
