

# Jeremy Zucker - End

Tom: C

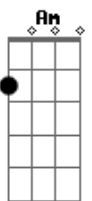

Am  
I should've seen this through  
Em C  
But I knew how it could end  
Am  
Yeah, I guess things don't change  
Em C  
I let feelings fade again  
  
G F  
But I see you clear as day  
Am  
And I won't let go  
G  
Would I call to hope unless  
Em F  
You slip right through my fingers in the rain  
Am  
But I've thrown it all  
G  
Over waterfalls  
  
F  
I'm staring at the clouds  
Am  
You know I hate this weather  
G F  
But we can work it out  
Am G  
I swear I could do better if you let me  
F Am  
Ohhhh Ohhhh  
G F C  
So we wait for things to change  
G F  
I never thought that this could end  
Am G C F  
If I'm not with you how could I fall asleep again?  
  
Am  
What's wrong with the lights low?  
Em C  
Just tell me what it is you're tryna say  
Am  
'Cause in the end you'll understand  
Em C  
I'm already a world away, yeah

G F  
And I see you haven't changed  
Am  
'Cause this shit gets old  
G  
With a heart of gold, you know  
Em F  
If I need you, I'll see you in my dreams  
Am  
But I've thrown it all  
G  
Over waterfalls  
  
F  
I'm staring at the clouds  
Am  
You know I hate this weather  
G F  
But we can work it out  
Am G  
I swear I could do better if you let me  
F Am  
Ohhhh Ohhhh  
G F C  
So we wait for things to change  
G F  
I never thought that this could end  
Am G C F  
If I'm not with you how could I fall asleep again?  
F Am G F  
You know that I've been here times before  
Am G F  
When no one's watching haha  
F G F  
You won't notice, no, that's right  
F G Am  
You won't ever know my life  
F G C  
It's was on the table  
G Am F  
Like they always told me  
G  
I would be the same but  
  
I'm just feeling phoney  
Am  
They don't really notice  
C  
You don't really know me
