

Jerry Lee Lewis - As Long As I Live

Tom: C

As long as I live baby I'm gonna give
 You all of my heart can't be apart
 As long as I live yes I'm gonna give
 These stars above that shine
 Just give me just a little more time
 Then I'm gonna make this whole world yours and mine
 As long as I live baby I wanna see
 If you give your love to nobody but me

As long as I live yes I wanna be
 Your one desire that kiss
 The flame burning in your heart like fire
 I wanna be your one desire
 Yes I wanna be your one desire
 Yes I wanna feel your lips of fire
 Well you gotta be here when the sun goes down oh yeah
 And when I call your name pretty baby don't let me down
 Yes I'm gonna make this whole world yours and mine
