

# Jerry Lee Lewis - As Long As I Live

Tom: C

As long as I live baby I'm gonna give  
 You all of my heart can't be apart  
 As long as I live yes I'm gonna give  
 These stars above that shine  
 Just give me just a little more time  
 Then I'm gonna make this whole world yours and mine  
 As long as I live baby I wanna see  
 If you give your love to nobody but me

As long as I live yes I wanna be  
 Your one desire that kiss  
 The flame burning in your heart like fire  
 I wanna be your one desire  
 Yes I wanna be your one desire  
 Yes I wanna feel your lips of fire  
 Well you gotta be here when the sun goes down oh yeah  
 And when I call your name pretty baby don't let me down  
 Yes I'm gonna make this whole world yours and mine
