

Jerry Lee Lewis - Crown Victoria Custom '51

Tom: C

Born in Detroit City back in '51

She still looks pretty and she's loads of fun
 Through thick and thin she's been my only one
 It's my Crown Victoria Custom '51

The old carburetor from my headers too

The Winston and the Scepter engine runs like new
 Teardrop skirts shining in the sun
 She's my Crown Victoria Custom '51

Snow white cuffs roll front and back
 Speeds over 90 is the way to south pack
 Foot on the floor and the fifth in my hand

Till we gonna take it to the promise land

Ol' spoked wheels and transmitters too

French headlights and with the taillights blue
 Whitewall tires and I love the way she runs
 She's my Crown Victoria Custom '51

Chopped down topped with gas and an overdrive
 I got the pretty baby sitting by my side
 A four on the floor and a 5th in my hand
 Let me rock-n-roll to the promise land

She's my Crown Victoria Custom '51
 She's my Crown Victoria Custom '51

Acordes
