

## Jerry Lee Lewis - Gather Round Children

Tom: C

She lies there so peaceful in her eternal sleep  
 With wreaths of flowers from her head to her feet  
 A gown of gold she wears to match her silver hair  
 A peaceful smile upon her face  
 That shows her heavenly grace

Come gather round children bow your head and pray  
 Come gather round children while they lay momma away

She gave us all her good years oh Lord she gave us all her best

Come gather round children  
 While they lay our precious momma to rest

Now dad he's waited so long for momma to join him  
 And on her right lies my brother John  
 On dad's left lies my sister  
 A flower taken Lord while still in bloom  
 I know we'll miss her but Lord they'll be so glad to see her  
 Come on now let's sing it
