

Jerry Lee Lewis - Just in time

Tom: C

If you fail to see me in the barroom tonight
 Don't worry I'll be doing alright

Lately I've been waiting for a new lease on life
 And she came along just in time

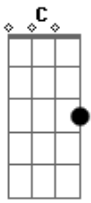

Just in time her lips so close to mine

Took away my taste for the wine
 I was headed for the barroom and just couldn't seem to stop
 But she came along just in time

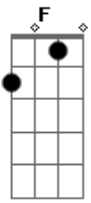

With a lost love in my memory I kissed new lips each night
 And pretended this was my kind of life

But it took her to show me true love could still be mine
 And she came along just in time
