

# Jerry Lee Lewis - When He Walks On You

Tom: G

Someday you'll feel a trembling in your knees  
 When time has changed the fashions of his dreams  
 Then you'll grow weak from holding on the love that wants to leave  
 When he walks on you like you have walked on me  
 When you wake up without him please remember  
 A faithful heart of your old used-to-be

With happy tears and open arms I'll welcome you sweetheart  
 When he walks on you like you have walked on me  
 When you wake up without him please remember  
 A faithful heart of your old used-to-be  
 With happy tears and open arms I'll welcome you sweetheart  
 When he walks on you like you have walked on me  
 When he walks on you like you have walked on me
