

Jerry Lee Lewis - You Helped Me When The World Let Me Down

Tom: C

Taking in consideration honey all that we've been through
 A thousand gossip coated tongues can't stop my loving you
 You broke the chains of misery that had me tightly bound
 Yes you helped me up when the world let me down
 You helped me up and stood by me everywhere our luck was down
 My party friends from the party days no longer were around

You saw in me a quality that no one else has found
 Yes you helped me up when the world let me down
 You helped me up and stood by me everywhere our luck was down
 Through your eyes you saw a king and the world saw only a clown yes they did
 My problems all were solved the day your sweet love Jerry found
 Yes you helped me up when the world let me down
 You helped me up when the world let me down that's right baby
