

Jess Glynne - My Love (Acoustic)

Tom: Eb

(com acordes na forma de D) Capotraste na 1ª casa

There's nothing more that I would have

That I could need

'Cause happiness means that I got it all

When I was taking turns

And you were wrong for me

You chose to understand and let it go

And ohh

You've turn this black heart

And made it into gold

So I wanna let you know that

My love and my touch

Up above, is made with the one from mine

My love and my touch

Up above, is made with the one from mine

Love

Control is such an open ended word for me
It's something that I use to think I owned
I'm standing here with nothing

And feeling so complete
You helped me understand and let it go

(pre chorus)

(chorus)

Stay close to me

Ohh

Stay close to me

Love, stay close to me

Love
