

# Jesse McCartney - We Can Go Anywhere

Tom: D

**D G Em A**  
 Slow down things have been a little crazy  
 Right now it's time to get away  
 We can find out what it is you're really after

**Em G A**  
 Time is on our side  
 Come on we're leaving everything behind

**Bm G**  
 You know that sun is shining  
**A D**  
 We'll keep driving  
**Bm G A**  
 Doesn't matter where  
**Bm G**  
 Cuz we got that open highway  
**A D**  
 Beating our way  
**Bm G A**  
 As long as you are there  
 We can go anywhere

**D G Em A**  
 Break down all the pressure that surrounds you  
 Allow it all to fade away  
 We can move on looking in our rearview mirror

**Em G A**  
 Wave goodbye  
 Come on we're leaving everything behind

**Bm G**  
 You know that sun is shining  
**A D**  
 We'll keep driving  
**Bm G A**  
 Doesn't matter where  
**Bm G**

Cuz we got that open highway  
**A D**  
 Beating our way  
**Bm G A**  
 As long as you are there  
 We can go anywhere

We're gonna be so far gone  
 Some place we ain't never been before  
 Find a new favorite song  
 We'll end up right where we belong

**Bm G**  
 You know that sun is shining  
**A D**  
 We'll keep driving  
**Bm G A**  
 Doesn't matter where  
**Bm G**  
 Cuz we got that open highway  
**A D**  
 Beating our way  
**Bm G A**  
 As long as you are there  
 We can go anywhere

**Bm G**  
 You know that sun is shining  
**A D**  
 We'll keep driving  
**Bm G A**  
 Doesn't matter where  
**Bm G**  
 Cuz we got that open highway  
**A D**  
 Beating our way  
**Bm G A**  
 As long as you are there  
 We can go anywhere  
 Come with me everything will be alright  
 Movin on cuz we're leaving it all behind
