

Jesse McCartney - We Can Go Anywhere

Tom: D

D G Em A
 Slow down things have been a little crazy
 Right now it's time to get away
 We can find out what it is you're really after

Em G A
 Time is on our side
 Come on we're leaving everything behind

Bm G
 You know that sun is shining
A D
 We'll keep driving
Bm G A
 Doesn't matter where
Bm G
 Cuz we got that open highway
A D
 Beating our way
Bm G A
 As long as you are there
 We can go anywhere

D G Em A
 Break down all the pressure that surrounds you
 Allow it all to fade away
 We can move on looking in our rearview mirror

Em G A
 Wave goodbye
 Come on we're leaving everything behind

Bm G
 You know that sun is shining
A D
 We'll keep driving
Bm G A
 Doesn't matter where
Bm G

Cuz we got that open highway
A D
 Beating our way
Bm G A
 As long as you are there
 We can go anywhere

We're gonna be so far gone
 Some place we ain't never been before
 Find a new favorite song
 We'll end up right where we belong

Bm G
 You know that sun is shining
A D
 We'll keep driving
Bm G A
 Doesn't matter where
Bm G
 Cuz we got that open highway
A D
 Beating our way
Bm G A
 As long as you are there
 We can go anywhere

Bm G
 You know that sun is shining
A D
 We'll keep driving
Bm G A
 Doesn't matter where
Bm G
 Cuz we got that open highway
A D
 Beating our way
Bm G A
 As long as you are there
 We can go anywhere
 Come with me everything will be alright
 Movin on cuz we're leaving it all behind
