

# Jessica Lynn - Live Out Loud

tom:

F

[Primeira Parte]

It's been such a long time since I have seen the sun  
 But from the very moment I found you it begun  
 To shine every ounce of light onto my darkest night  
 And every memory that we've made has showed me what it's like

[Refrão]

To spread out my wings, only dream big  
 Treat every day like there's no guarantee  
 Follow your heart, never back down  
 For what you believe, you've showed me how  
 And now, now, now, and now, now, now, I live out loud

[Segunda Parte]

I can't even tell you the difference you have made  
 With every single smile in every single way

You opened up my eyes to a new world I never knew  
 And everything I do now, I do it because of you

[Refrão]

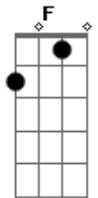

I spread out my wings, only dream big  
 Treat every day like there's no guarantee  
 Follow my heart, never back down  
 For what I believe, you've showed me how  
 And now, now, now, and now, now, now, I live out loud

( C Dm Bb )  
 ( C Dm Bb )

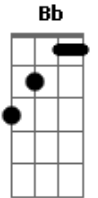

And now, now, now, and now, now, now  
 I spread out my wings, only dream big  
 Treat every day like there's no guarantee  
 Follow my heart, never back down

For what I believe, you've showed me how  
 And now, now, now, and now, now, now I live out loud
