

# Jessie J - Sexy Lady

Tom: E  
Intro: (Db A E )

You're feeling nervous, having your doubts  
Don't be embarrassed

If you don't fit in the crowd  
Keep standing tall and hold your ground  
Show 'em it's not okay to let them kick you down

Oh oh oh oh  
Don't let em ruin your touch  
It's now or never, never  
Oh oh oh oh  
Just let em know it's your life  
So do it, use it, frown and own it  
Ahuh, that's right

Yea, you'd better give it everything you got  
Just show em you're a sexy lady  
Yea, you'd better work it til it's burning hot  
Just show em you're a sexy lady

Time is now baby  
Look around baby  
Just be proud, you're a sexy lady  
Work it on baby, play it loud baby  
Just be proud, you're my sexy lady

So admit it... it's feeling good  
Your hips are rolling  
And you love it like you should  
Work up a sway, let's enjoy the ride  
Good girl, go get it where your comfort is tonight

Oh oh oh oh  
Don't let em ruin your touch

It's now or never, never  
Oh oh oh oh  
Just let em know it's your life  
So do it, use it, frown and own it  
Ahuh, that's right  
Yea, you'd better give it everything you got  
Just show em you're a sexy lady  
Yea, you'd better work it til it's burning hot  
Just show em you're a sexy lady

Time is now baby  
Look around baby  
Just be proud, you're a sexy lady  
Work it on baby, play it loud baby  
Just be proud, you're my sexy lady
