

# Jessie Murph - I Hope It Hurts

tom:  
B

Abm  
I met a man in Miami-Dade  
Ebm  
I almost died when he looked my way  
B E7M  
I felt the Moon setting too soon  
Abm  
He held my hand on the interstate  
Ebm  
It'd been a while since I felt this way  
B E7M  
I bet too soon, I bet on you

Dbm  
I'm not this dumb, not again  
Dbm7  
It hit the heart and knocked the wind  
Gb  
It knocked the door, I don't care

It opened up, I saw it there  
Ebm  
And what a lie and what a game

I doused it all in gasoline  
Abm Gb B  
I went home and you went up in flames

Dbm7 Gb7  
And I hope it burns, and I won't be there  
Ebm Abm Gb B  
I hope it hurts everywhere  
Dbm7 Gb B Gb Abm Gb  
You're gonna learn I'm happy to lose  
E  
But I hope you hurt, 'cause God knows I do

I lit the match and I walked away  
Ebm  
I said no words and I left the state  
B E Dbm  
Smoke in my eyes, I sat and cried  
Abm  
Headed north through the Everglades  
Ebm  
Georgia line felt like Heaven's gate  
B E  
It broke me in two, ten thousand miles

Dbm  
I'm not this dumb, not again  
Dbm7  
It hit the heart and knocked the wind  
Gb  
It knocked the door, I don't care

It opened up, I saw it there

And what a lie and what a game

I doused it all in gasoline
