I can't hold it in forever
Am7 Abm7 Dbm7

Eventually I'd have to breathe

Done hid a lot behind the light, behind the wall
Gbm7 Abm7

Now it's crushin in on me

How did I let it get this far?

How did I make this wrong turn?

How do I change a thing I've done?

Only one lesson learned

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

I can't pretend this hurts

Deeper than I imagined

What I did to a friend

I can't take it back in

How could I do a thing like that?

Where was my conscience at?

In pain I really played my part

Now tell me where the healing starts

Comes to the light, comes to the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Where was my conscience at?

In pain I really played my part

Now tell me where the healing starts

Comes to the light, comes to the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Comes to the light, comes the light

Comes to the light, comes the light

Everything

Make it stop

Make it go away

Make it fade

Make it sail away from me

Comes to the light, comes to the light

Everything

Comes to the light, comes to the light

Everything

Comes to the light, comes to the light

Comes to the light, comes to the light

Everything

Comes to the light, comes to the light
