

Jimi Hendrix - Burning Desire

Tom: F

From the album Fillmore East '69/'70

2nd verse

Bridge:

repeat many times

repeat many times with these licks scattered

throughout

repeat verse before bridge and then follow the crescendo with this:

4x 4x

Lyrics:

Burning desire sets my soul on fire
Burning desire sets my soul on fire
I feel my body drowning in your sea of love
But in the meantime there's nothing to dream

Between Hell and Heaven you just may see me chase my heart
everywhere
Burning desire hotter than an electric chair

Burning desire hotter than an electric chair

Bridge:

Last night sure was sweet
it sure was good this time around
you really sent me around and around, round and round

You came on down hard on me baby
you showed me just how love could be
that's the way I like it to be
I better leave now baby
Baby I'll see you about 2 or 3, yeah

Burning desire hotter than an electric chair
