

Jimi Hendrix - Country Blues

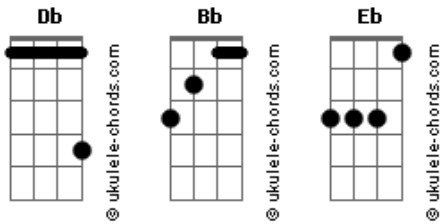

Tom: **Db**

This is just the main part, which is played during the first few minutes of the song. This doesn't include the beginning part, in which Hendrix is just soloing and stuff like that. This is just the basic outline, and he adds stuff in there, which is what made him such a great guitarist. Just add your own little stuff into this when playing. (I would play it legato, or smoothly)

Bb

Eb

Acordes

Bb

And then you can repeat and mix it up. Like, instead of the last 2 parts above, play it like this:

That's the basic parts... Have fun, and Please Rate it.
