 Lyrics: Dan Haseltine
 from: J.B. (**C**) or

There are more parts to the violin harmony that i haven't figured out. Sounds good is MY attempt at this song. It sounds pretty good to me and pretty close to the album too. Enjoy!

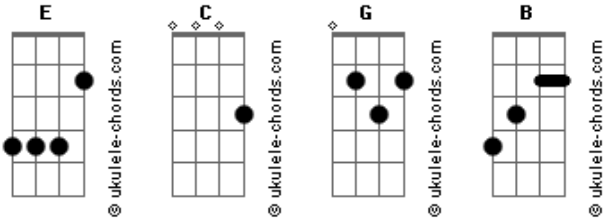

I did some looking and found that JOC uses an open **E** modal tuning on most

use a Nashville tuning on this particular song. This is when the 4 bass strings (EAD**G**) are replaced with thinner strings one octave higher. You can find those in any 12 string guitar string package.

Here it is in the right key Cminor (standard tuning)

VIOLIN SOLO:

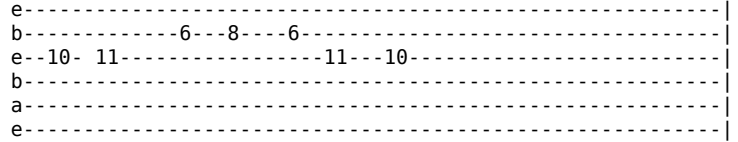

Acordes

"calm the storms..."

Here it is in the right key Cminor (E-modal tuning)

VIOLIN SOLO:

"calm the storms..."

I hope this clears the mud a little (**C**)
 JB Dean
