

# Jimi Hendrix - Gypsy Blood

Tom: E

Album: Hear My Music

- One of Jimi's slower and shorter compositions. Nevertheless, it's still just as sweet as all his other songs.

- As far as all my tabs go (except for one Filipino song and Acoustic Alchemy song), I rely on the time of the original mp3 file for accuracy. So I suggest using Winamp and an mp3 file of this song to actually 'relate' to this tab.

- If you don't like tuning down your guitar a half step lower than the standard tuning, I don't think you're ready for this song. IMHO, this attitude goes to show that your attitude towards guitar playing is still not yet enough, since a guitar tuned a half lower can mean a whole different world of guitar playing, hehehe.

- Oh, also, if anyone out there could also give suggestions on what I could tab next, in the lines of songs similar to Jimi's of course (I'm currently hooked on tabbing his awesome works) that would be swell! Anyways... here it is.

Enjoy!
