

Jimmy Eat World - Cautioners Acoustic

Tom: A

A great song off of a great album. This tab, although not indicative of how the song is truly played, sounds good on acoustic if you're playing with one guitar. The open chords add a lot of fullness to the song. The strumming isn't mapped out but it is fairly easy to pick up.

Intro: /Verse

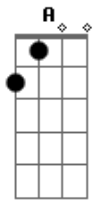

A Fm#

Chorus: "You'll change your mind come monday..."

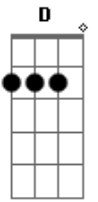

D E Fm#

"Take your steps away with hesitance..."
