

# Jimmy Eat World - Work

Tom: G  
Intro: Em C G (2 vezes)

Verso 1:  
If you only once would let me,  
Only just one time,  
Then be happy with the consequence,  
With whatever's gonna happen tonight.  
Don't think we're not serious,  
When's it ever not?  
The love we make is give and it's take,  
A game to play along.  
All I can say,  
I shouldn't say...

Refrão:  
Can we take a ride?  
Get out of this place  
While we still have time.

Oh oh, oh oh, oh oh oh.  
Oh oh, oh oh, oh oh oh.

Verso 2:  
All the best DJs are saving  
Their slowest song for last.  
When the dance is through,  
It's me and you,  
Come on, would it really be so bad?  
The things we think might be the same,  
But I won't fight for more.  
It's just not me to wear it on my sleeve,  
Count on that for sure.

All I can say,  
I shouldn't say...

Refrão:  
Can we take a ride?  
Get out of this place  
While we still have time.  
You wanna take a ride?  
Get out of this place  
While we still have time,  
Yeah, we still have time.

Oh oh, oh ohh...  
Oh oh, oh ohh...  
Oh oh, oh ohh...  
Oh oh, oh ohh...

Verso 3:  
Can't say I was never wrong,  
But some blame rests on you.  
Work and play, they're never okay  
To mix the way we do.

All I can say,  
I shouldn't say...

Refrão:  
Can we take a ride?  
Get out of this place  
While we still have time.  
You want to take a ride?  
Get out of this place  
While we still have time,  
We still have time.

Oh ohh, oh ohh, oh oh ohh,  
Oh ohh, oh ohh.

## Acordes
