

Jimmy Needham - Being Small

tom:

Intro: Abm Gb E B

Why I wanna be a hurricane
 When I'm barely a breeze
 Cuz I've already seen Your storm
 Bring me down to my knees
 Just when we think we may be high enough
 You knock us back to the ground
 We are trying to move up fast
 Can't see the contrast
 Of how the King came down

'Cause I can't build my towers higher
 And live inside Your fire, no no no

[Refrão]

Whenever I climb too high
 Keep my feet on the ground
 And when I get full of me turn me upside down
 You know pride and not just summer
 Come before the fall
 So if it's You that's getting bigger
 I don't mind... being small
 Being small

Maybe if I shout real loud
 Maybe then I'll draw a crowd
 And they'll finally cheer
 Or maybe I should tone down
 Never make a sound now
 Anything to draw them near
 Or maybe there's more to life
 Than trying to make a name
 Even though they say it ain't so
 So maybe I should step on down
 Hand off the kings crown
 To the? God on the throne

[Pré-Refrão]

'Cause I can't build my towers higher

And live inside Your fire, no no no
 Whenever I climb too high
 Keep my feet on the ground
 And when I get full of me turn me upside down
 You know pride and not just summer
 Come before the fall
 So if it's You that's getting bigger
 I don't mind being small
 These people won't miss me
 I'll be out of their memories
 The ground will forget me for sure
 Only one is remembered
 One name to be treasured
 Is Yours

So now when I climb too high
 Keep my feet on the ground
 And if I get full of me turn me upside down
 You know pride and not just summer
 Come before the fall ooo
 So maybe hopefully I see less of me
 And more of you and its true
 I'll be finally free
 That's what I want after all yeah
 Whenever I climb too high
 Keep my feet on the ground
 And when I get full of me turn me upside down
 You know pride and not just summer
 Come before the fall
 So if it's You that's getting bigger
 I don't mind
 Being small
 Being small, oh oh oh
 Being small
 Being small, oh oh oh
 Whoa, Yeah
