I thought that we were special
E **B** **E** **Gb**
 Now you are the one for me

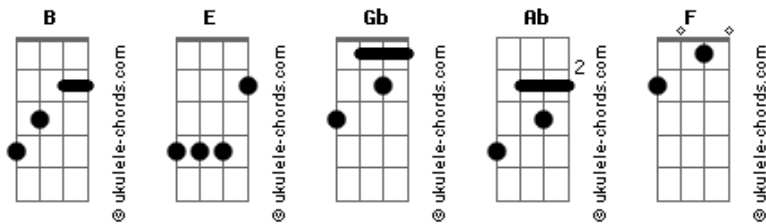

You know that were together
E **B** **E** **Gb**
 And I started to believe

Our love was invincible
E **B** **E** **Gb**
 And then the cracks started to unglue
E **B** **E** **Gb**
 Like me and you

We were fated to be together
E **B** **E** **Gb**
 We were fated to be apart
B **E** **B** **B**
 We were soulmates and then we were strangers
B **E** **B** **B**
E **B** **E** **Gb**

The mood had started changing
E **B** **E** **Gb**
 Then I knew I had to leave
B **E** **B** **B**
 There's no point in blaming
E **B** **E** **Gb**
 Then we were both so naive
B **E** **B** **B**
 Do you think you ever loved me?
E **B** **E** **Gb**
 And do you think of me?
E **B** **E** **Gb**

Acordes

Do you think I think of you

We were fated to be together
E **B** **E** **Gb**
 We were fated to be apart
B **E** **B** **B**
 We were soulmates and then we were strangers
B **E** **B** **B**
 We were soulmates that turned into strangers
E **B** **E** **Gb**

E **B** **E** **Gb**

You know I thought you were my best friend
E **B** **E** **Gb**
 And I know you felt it too
B **E** **B** **B**
 And then we hit a dead end
E **B** **E** **Gb**
 Was like someone I never knew
B **E** **B** **B**
 I know that we were intimate
E **B** **E** **Gb**
 But that's the part that I don't
E **B** **E** **Gb**
 Recall at all

We were fated to be together
E **B** **E** **Gb**
 We were fated to be apart
B **E** **B** **B**
 We were soulmates and then we were strangers
B **E** **B** **B**
