this is my tab for the verses of this song... not the definitive version, mainly because the verses are accompanied by a mandolin, not a guitar. this is just how we play it, because we don't have a mandolin... so it is really just a cheap imitation, though it sounds pretty darn good (if i do say so myself.)

st. teresa

(verse tab solo x1)

(verse)

sit down on the corner, just a little climb
 when i make my money got to get my dime
 sit down with her baby, wind is full of trash
 she's bald as the street light... dark and sweet as hash

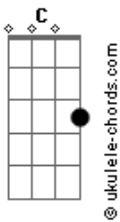

(chorus)

am g c f am g c f
 way down in the hollow, leaving so soon...
 am g c f am g am
 oh, st. teresa, higher than the moon.

(verse tab solo x1)

(verse)

Acordes

reach down for the sweet stuff, when she looks at me
 i know any man see's you like i see
 follow down the side street moving single file
 she says that's where i'll hold you sleeping like a child

(repeat chorus)

(verse tab solo x1)

(verse)

just what i've been needing, i feel it rise in me
 she says every storm and story like a rosery
 corner st. teresa just a little crime
 when i make my money, got to get my dime

(repeat chorus) g am

(bridge)

am g c f
 am g c f
 am g c f

 you called up in the sky
 you called up in the clouds
 is there something you forgot
 to tell me
 tell me
 tell me tell me
 tell me tell me...
 am g am g

(verse tab solo x1)

(finale)
