

Joana Castanheira - Happy Place

tom:

C

I wish I had woken up with you today

C7

I'd kiss your chin and run my fingers through your hair

Dm

Maybe we would be lazy and get lil late to work

F7 **C7**

But the sun would feel warmer, we'd have our happy place

Em7

But only for a speck of time

Dm

Pretend we're not just friends

Em7

Tell me some nice lie

Dm

To free me from this pain

Em7

Let's play we're soft little flowers
From a preatty lei

C7

Matching each other's colours
And tying up our scapes

Dm

We can dance among the leaves
In every summer breeze

F7

The sun will be our best man
And we will have our brief

C7 **Am7** **Dm** **F7**

Forever

Acordes
