

João Gilberto - Desde Que o Samba É Samba

tom:

Intro: A E A

A tristeza é senhora

Desde que o samba é samba é assim

A lágrima clara sobre a pele escura

À noite a chuva que cai lá fora

Solidão apavora

Tudo demorando em ser tão ruim

Mas alguma coisa acontece

No quando agora em mim

Cantando eu mando a tristeza embora

O samba ainda vai nascer

O samba ainda não chegou

O samba não vai morrer

Veja, o dia ainda não raiou

O samba é pai do prazer

O samba é filho da dor

O grande poder transformador
