

João Peep - Edge Of Fifteen

tom:
C

Never knew I could cause so much trouble G

In a new city, with new friends Am

If I can call any of them that F

I never knew I didn't need to be worried C G

To find someone knew, someone to call my boo Am

Know I am slowly F

'Cause in my perfect future, I would never be here C G

You gimme the whole world in a room Am

But I lost the keys F

'Cause I'm on the edge of fifteen C G Am F

Know all my secrets and avenues I've crossed C G

Will keep living in a fever dream Am F

I'm on the edge of fifteen C G Am F

My past self would be proud that I've learned C G

How to play in the both of teams Am F

I'm on the edge C

Now I know opportunities are just a fucking hoax C G

I only have a life don't wanna waste my time Am

Being someone I don't like F

It's like I know nothing, but everything C G

"Be a teenager sucks", I listened this too much Am

Not for me, sixteen looks good as fuck F

My future is now, I can be whatever I wanna be C G

I found but dropped the keys Am

I think I'm finally free F

'Cause I'm on the edge of fifteen C G Am F

Saving for later but doing it know

'Cause I'm tired of be holding fears

I'm on the edge of fifteen C G Am F

Vanity is good, If I don't think of myself C G

Then they me, who will gonna be? Am F

This is the edge C

I can keep my faith C

"If God's for me, who's again'st?" G

Time can solve anything in this world Am F

Know I'm the difference C

Don't keep insisting G

"Let my yes be yes and my no be no" Am F

All of my livings taught me that I have to learn more C G

Stopped giving strangers the right to make me insecure Am F

Lost in the invisible C

I think I can find my way home G Am F

But now I'm on the edge (of fifteen) C G Am F

Having priorities, loving a lil' bit more C G

'Cause this world needs a fit Am F

I'm on the edge of fifteen C G Am F

Leaving my comfort zone C

And finding it was anything but comfort that shit G Am F

This is the edge C G Am F

Yeah, this is the edge C G Am F

Yeah, this is the edge C G Am F

Never knew I could cause so much trouble C
