John Denver - Matthew

Tom: G

    VERSE 1:

```
G                           Am        D                    G
I had an uncle name of Matthew...he was his father's only boy
                              Am        D
G
Born just south of Colby, Kansas...he was his mother's pride
and joy
```

CHORUS:
```
                 G                 C           Am
    Yes, and joy was just the thing he was raised on
         D                   G C G
    Love was just a way to live and die
                      C        Am
    Gold was just a windy Kansas wheat field
         D          C     G
    Blue was just a Kansas summer sky
```

VERSE 2:
```
                           Am   D                       G
And all the stories that he told me back when I was just a lad
              Am        D
G
All the memories that he gave me...all the good times that he
had
                   Am      D                      G
Growin' up a Kansas farmboy...life was mostly havin' fun
              Am      D                               G
Ridin' on his daddy's shoulders behind a mule, beneath the sun
```

CHORUS:

```
                                Am          D                  G
Well, I guess there were some hard times and I'm told some
years were lean
                          Am   D                        G
They had a storm in '47...twister came and stripped 'em clean
                           Am                      D
G
He lost the farm and lost his family...he lost the wheat, he
lost his home
                           Am   D                      G
But he found the family bible and faith as solid as a stone
```

CHORUS

```
                             Am         D                 G
So he came to live at our house...and he came to work the land
                               Am     D                   G
He came to ease my daddy's burdens and he came to be my friend
                            Am      D
G
So I wrote this down for Matthew...it's for him this song is
sung
                              Am     D                      G
Ridin' on his daddy's shoulders behind a mule, beneath the sun
```
CHORUS: repeat twice
Acordes
