

# John Legend - This Time

Tom: F

[Verse]

F  
Ran into you yesterday C  
Memories rushed through my brain Bb  
It's starting to hit me  
Now you're not with me F  
I realized I made a mistake C  
I thought I needed some space Bb  
But I just let love go to waste  
It's so crystal clear now  
That I need you here now Gm  
I got to get you back today

Bb  
This time I want it all  
F  
This time I want it all  
C  
Showing you all the cards  
Gm  
Giving you all my heart  
Bb  
This time I'll take the chance  
F  
This time I'll be a man  
C  
I can be all you need  
F  
This time is all of me

F  
I hit the club every night C  
Looking to score a good time Bb  
It's not like I planned it  
I'm left empty handed F  
I'm still alone in my mind C  
Now what will it take to feel right Bb  
Can I come see you tonight?  
Is there someone new now?  
What can I do now?

Gm  
Cause I need you back by my side

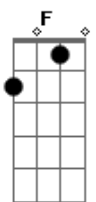

Bb  
This time I want it all  
F  
This time I want it all  
C  
Showing you all the cards  
Gm  
Giving you all my heart  
Bb  
This time I'll take the chance  
F  
This time I'll be a man  
C  
I can be all you need  
Gm  
This time is all of me  
Bb  
Last time I wasn't sure  
F  
This time I will give you more

I'm more mature  
C  
I'll show you  
Bb  
Last time I didn't know  
F  
I messed up and let you go  
C  
I need you, don't say no

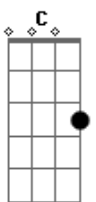

F  
Lying alone in this room C  
All that is missing is you Bb  
Pick up the phone  
Won't you come home?

Gm  
This time I want it all Bb  
F  
This time I want it all  
C  
Showing you all the cards  
Gm  
Giving you all my heart  
Bb  
This time I'll take the chance  
F  
This time I'll be a man  
C  
I can be all you need  
F  
This time is all of me
