

John Lennon - Tight A\$

tom:

Intro: E

Well, just as tight as you can make it
 Hard and slow ain't hard enough
 Just as tight as you can shake it girl

Git it on and do your stuff
 Tight as you can get it
 Tight as got it made
 Uptight's alright but if ya can't stand the heat
 You better get back in the shade

Well, just as tight as an Indian rope trick
 Long and tough ain't hard enough
 Just as tight as a dope fiend's fix, my friend

Git it up and do your stuff
 Tight as you can boogie
 Tight as got it made
 Uptight's alright but if ya can't stand the heat
 You better get back in the shade, well

Alright
 Alright hooo oohhooo

Well, tight as you can make it
 Hard and slow ain't hard enough
 Just as tight as you can shake it girl

Git it on and do your stuff
 Tight as you can get it
 Tight as got it made
 Uptight's alright but if ya can't stand the heat
 You better get back in the shade

Well, tight as an Indian rope trick
 Hard and long ain't hard enough
 Just as tight as a dope fiend's fix, my friend

Git it up and do your stuff
 Tight as you can boogie
 Tight as got it made
 Uptight's alright but if ya can't stand the heat
 You better get back in the shade, well

(E A B7)
 Well, tight as got me cornered
 Tight as got me laid
 Tight as strut your stuff so tough

Just a sittin? in the midnight shade
 Tight as she can boogie

Tight as she got it made
 Uptight's alright but if ya can't stand the heat
 You better get back in the shade, well

Woah wooh ohhhh
